**PLANNING BOARD
GRAFTON, MA**

DATE: August 31, 2016
TO: Joe Laydon – Town Planner
RE: Site Plan Approval (SPA 2016-2) - 103 Worcester Street

I have reviewed the Planning Board Decision for Site Plan Approval (SPA 2016-2) for 103 Worcester Street, specifically Condition B.1. I have also made a personal inspection of the site specified in the application.

Pursuant to our conversation on August 30, 2016, and as chair of the Traffic Safety Committee, it is my opinion that the Traffic Safety Committee does not have the authority to instruct the applicants to install a sign on their lot directing traffic away from the abutting residential neighborhood when exiting the site. Any sign of this nature would be merely informational and not enforceable.

I did speak with the applicant and informed them that the best course of action would be to place a sign at the driveway exit points. Said sign would include a left arrow with "Worcester Street (Route 140/122)." The applicants agreed to this proposal.

Per our discussion, the aforementioned sign should satisfy the Planning Board's conditions and allow the applicants to move forward in the project's construction process. No other signs or devices shall be required at this time.

Please feel free to contact me if you have any questions or require additional information.
